

**BTS-MF60**

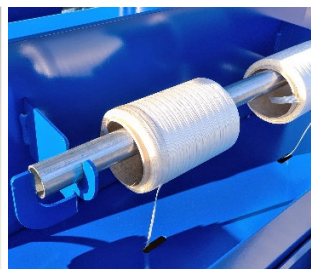

**blue-line**

The BTS-MF60 is the ideal waste baler for compacting your loose cardboard and plastic film waste into a bale of up to 60 kg. With a can crush insert baler is even suitable for crushing individual sheet metal and plastic containers and also cans. The baling press impresses with its ease of use, safe operation and its large filling volume. By baling these valuable and recyclable materials you achieve a volume reduction of up to 90%, a significant saving on your disposal costs and you properly return the material back into the recycling cycle.
